Applicants are required to apply for grant funding through the Governor's Office of Crime Control & Prevention online application process located on the website <https://grants.goccp.maryland.gov>. Additionally, all applicants **MUST** provide proof that they have a valid federal **DUNS** number and be **currently registered** with www.SAM.gov. Getting Started

Thank you for applying for either the **Body Armor Grant (BARM) program** or the **Bullet Proof Vest Partnership Program Grant (BPVP) Program** from the **Governor's Office of Crime Control & Prevention**. The primary purpose of these programs is to protect the lives of law enforcement officers with Protective Body Armor or Stab Resistant Vests.

Ballistic-resistant body armor has been widely available for law enforcement personnel for more than 30 years. The dramatic reduction in officer homicide following the introduction of body armor attests to the protection it provides. The success stories extend far beyond just protection from handguns. More than 3,000 lives have been spared, including cases in which body armor prevented serious injuries to officers from other types of assaults or accidents.

The purpose of the BARM and BPVP Program is to assist local law enforcement agencies in procuring protective body armor for their officers and to replace protective body armor if testing or age indicates a need for replacement.

I. TRAINING / TECHNICAL ASSISTANCE (TA)

To help applicants prepare and submit applications that reflect the Governor's Office of Crime Control & Prevention's established guidelines and procedures, training is provided through training videos posted on the Governor's Office of Crime Control & Prevention website. These may be accessed through the following web URL: <http://www.goccp.maryland.gov/gms-training/>. Please review the training videos prior to working on your application (system guidelines, fiscal review and tips, civil rights requirements, and those specific to the program funding source).

II. INTRODUCTION/SCOPE

The Department of Justice (DOJ) is committed to the health and safety of all law enforcement officers and urges all officers to continue wearing their protective vests. DOJ also encourages public safety officers to follow body armor manufacturer "wear and care" instructions, and to refrain from storing armor in environments in which it may be exposed to extreme heat or cold. Age alone does not cause body armor's ballistic resistance to deteriorate, the care and maintenance of vests are vital. Officers should inspect their body armor on a regular basis. Armor showing excessive wear or damage should be replaced.

In response to concerns from the law enforcement community, the DOJ announced in 2003 an initiative to address the reliability of body armor used by law enforcement personnel and to examine the future of bullet-resistant technology and testing. As part of this initiative, the NIJ was examining Zylon®-based bullet-resistant vests (both new and used) and reviewing the existing process by which bullet-resistant vests are certified. It was concluded in a 2004 report to the Attorney General that ballistic-resistant material, including Zylon®, can degrade due to environmental factors thus reducing the safety margin the manufacturers build into their armor. It was also noted that upgrade kits tested did not appear to bring used armor up to the level of performance of new armor. However, used armor with upgrade kits performed better than used armor alone. **Applicants may not purchase any ballistic or stab resistant vests that contain Zylon®. All vests must be NIJ approved.**

Ballistic-resistant body armor has been widely available for law enforcement personnel for more than 30 years. The dramatic reduction in officer homicide following the introduction of body armor attests to the protection it provides. The success stories extend far beyond just protection from handguns. More than 3,000 lives have been spared, including cases in which body armor prevented serious injuries to officers from other types of assaults or accidents.

All funding is contingent upon Governor's Office on Crime Control & Prevention receiving the specified grant funds from the state of Maryland for BARM and the Office of Justice Programs for BPVP. As of the posting of this Notice of Funds Availability, the state of Maryland has not provided final budget appropriations and the Office of Justice Programs has not released FY 2016 allocations.

III. BACKGROUND

Protective body armor means a vest or similar article that is designed to be worn to protect against blunt force trauma associated with the impact of a firearm projectile and manufactured of bullet resistant fabric that conforms to National Institute of Justice (NIJ) Standard 0101.03 (or the current edition) and V-50 ballistic testing requirements.

Stab resistant armor should provide protection against injury from penetration by knives or sharp-pointed edged weapons while ensuring that the movement of the officer is not unduly restricted.

View the list of body armor models tested against the current NIJ Body Armor Standard NIJ0101.06 and found to be compliant: https://www.justnet.org/other/ballistic_cpl.html.

VII. MANDATORY WEAR POLICY

The Department of Justice (DOJ) is committed to improving officer safety and has undertaken research to review and analyze law enforcement officer deaths and injuries. In October 2010, the Attorney General announced that DOJ's Bulletproof Vest Partnership (BVP) program will include a new application requirement to ensure that agencies receiving funding for reimbursement of body armor purchases have a written mandatory wear policy for uniformed patrol officers, in place when the FY 2016 BVP applications are submitted.

There are no requirements regarding the nature of the policy other than it being a mandatory wear policy for all uniformed officers while on duty. Office of Justice Programs (OJP) strongly encourages agencies to consult the International Association of Chiefs of Police's Model Policy on Body Armor and to strongly consider all recommendations within the policy. This policy change was announced in October 2010.

To obtain a copy of the Model Policy and position paper, jurisdictions must be registered with the BVP program. To obtain a copy of the Model Policy, contact the BVP Customer Support Center at 1-877-758-3787 or email <http://www.ojp.usdoj.gov/bvpbasi>

VIII. FUNDING EVALUATION

The Governor's Office of Crime Control & Prevention will assess the worth of each organization's overall project based on the following:

- Problem Statement/Needs Justification
- Description of Goals, Objectives, and Reaching Objectives
- Projected Work Plan Schedule
- Budget

The Governor's Office of Crime Control & Prevention will also assess each jurisdiction's need for funding based on the following criteria:

- Documentation of need
- Number of violent incidents
- Geographic size and location

Both BARM and BPVP are a competitive application process. The Governor's Office of Crime Control & Prevention will conduct a three-tier review, to include internal staff and external independent reviewers, of each application submitted in accordance with this Notice of Funding Availability.

IX. FUNDING SPECIFICATIONS

A. Funding Cycle

Commencement of awards funded under the BARM Program for FY 2017 will begin July 1, 2016 and end on June 30, 2017. Funds are paid on a reimbursable basis.

Commencement of awards funded under the BPVP Program for FY 2016 will be determined after the Office of Justice Programs announces their awards. Funds are paid on a reimbursable basis.

B. Budget

Budgets must be clear and specific. Budgets must reflect one year of spending. Please check all calculations for accuracy. NOTE: the Grant Management System must clearly identify 50% grant funds and 50% cash match (via the "Funding Source" column). **Round to the nearest dollar, do not add cents.** It is allowable to pay for ½ a vest with grant funds and the other ½ with a match: ex: 6.5 vests/grant funds and 6.5 vests/cash match= 13 vests. *The Governor's Office of Crime Control & Prevention reserves the right to make additional budget reductions and adjustments at its discretion.*

The justification sections must contain brief statements (1 to 2 sentences per line item) that explain each line item and their relevance to the project goals and objectives. **Do not state "See Narrative, Goals, or Objectives".**

All programmatic electronic reports are due electronically within 15 calendar days of the end of each quarter; financial report hard copies are due electronically and by hard copy within 30 calendar days of the end of each quarter. All reporting activity occurs through the Grant Management System, using the same User ID and password that was used for the application process.

Your total purchase for vests would be \$1,000. **Indicate how the cash match will be provided by your agency in your narrative.** Refer to the Grant Match Calculator on the Grantee's Toolbar section of the website to assist with calculating match at www.goccp.maryland.gov/grants/grantee-toolbox.php For guidance on calculating match please refer to the match calculator: <http://www.goccp.maryland.gov/grants/grantee-toolbox.php>.

XII. SUPPLANTING, TRANSPARENCY AND ACCOUNTABILITY

Federal funds must be used to supplement existing state and local funds for program activities and must not replace those funds that have been appropriated for the same purpose. See the OJP Financial Guide (Part II, Chapter 3). There are strict federal laws against the use of federal funds to supplant current funding of an existing program. Jurisdictions must provide assurances and certifications as to non-supplanting and the existence of proper administrative/financial procedures.

A strong emphasis is being placed on accountability and transparency. Award recipients must be prepared to track, report on, and document specific outcomes, benefits, and expenditures attributable to the use of grant funds. Misuse of grant funds may result in a range of penalties to include suspension of current and future funds and civil/criminal penalties.

B. SUMMARY TAB INSTRUCTIONS

The Project Summary should provide a concise summary of your proposal and be limited to 100 words or less. Because the BARM & BPVP program is funding a very specific service, the Governor's Office of Crime Control & Prevention would like to make writing the project summary as simple and consistent as possible. Use the template provided below for your project summary.

The ____ (Implementing Agency's) ¹ _____ (Title) ¹ _____ program provides increased safety for the agencies officers. Manufacturer's specification requires that body armor need to be replaced every five years in order to ensure the wearer's safety. Program funds provide ² # new vest(s) and/or ² # replacement vest(s) for sworn Officers.

Make the following additions/changes to the above template:

1. The beginning of the first sentence contains the Agency's Name and the Program Project Title.
2. 1-2 sentences describing the program's main function and who the program benefits/serves.
3. The last sentence summarizes the budget items proposed to be funded.

C. NARRATIVE TAB INSTRUCTIONS

Provide a description of the program timeline, and potential for information sharing. The contents for the narrative are explained below. The Narrative must be in a outline-styled format (**retaining all numbering, lettering, and headers**). Incomplete narratives may be returned for revision.

1. **Problem Statement:** Include a description of the nature and extent of the problem to be addressed, target population, and geographical area served. Provide the latest statistical data to document the problem. What efforts have been made to address this problem in the past, if any? What will be accomplished by this project?
2. **Goals, Objectives & Performance Measures:** Each application must include clearly defined goals, objectives, and performance measures.
 - GOALS: Provide a broad statement that conveys, in general terms, the program's intent to change, reduce, or eliminate the problem described. Goals identify the program's intended short and long-term results for the anticipated funding year(s).
 - OBJECTIVES: Explain how the program will accomplish the goals. Objectives are specific, quantifiable statements of the program's desired results, and should include the target level of achievement, thereby further defining goals and providing the means to measure program performance.

Examples:

 - Contact has been made with "Name of Vendor" and verification that the vendor has been approved by NIJ.
 - Officers will be fitted for the vests by an identified date. This must be completed before the end of the second reporting quarter.
 - Vest(s) will be received by an identified quarter.
 - PERFORMANCE MEASURES: The Governor's Office of Crime Control & Prevention will provide the Performance Measures to all BARM & BPVP awards.
3. **Strategy & Timeline:** This section details any planning process that was undertaken in developing the plan of response. Further, it should provide an overview of the strategy to be employed and the timeline for implementing the strategy. Include linkages to other programs, organizations, and stakeholders that will be involved in or impacted by the grant program.

Examples for the Governor's Office of Crime Control & Prevention staff:

Applicants must submit a detailed timeline/work plan. This timeline/work plan must include:

- Key tasks that must be carried out to implement the program successfully
 - Person(s) responsible for seeing that each task is completed within the proposed timeline
 - Target dates for task completion
4. **Spending Plan:** Detail the timeline for the implementation of each budget line item (i.e., personnel costs will be expended evenly in each quarter; personnel costs cannot be projected evenly in each quarter due to overtime variance, computer will be procured during the 2nd quarter).
 5. **Sustainability:** What prospects exist for continued financing of the project when grant funds are terminated: What efforts have been or will be made to continue the methods, techniques, and operational aspects of the project when the grant funds are concluded? Indicate planned future sources of funding or proposed jurisdictional planning efforts.
 6. **BARM and BPVP Statistics:** This section outlines the required information for a complete narrative. Include any existing relationships with neighboring jurisdictions that will assist in successful implementation/utilization. This section is very important. Please follow the format below:
 - a. **Number of Violent Crime Incidents**

The number of violent crime incidents committed within the jurisdiction of the local law enforcement agency for the last two years.
 - b. **Current Sworn Officers**

List the current number of sworn officers.
 - c. **Current Sworn Officers without Body Armor**

The current number of sworn officers not issued protective body armor.
 - d. **Body Armor History**

The number and age of protective body armor units currently in use by the local law enforcement agency.
 - e. **Body Armor Request**

The number of protective body armor units requested for:

 1. Officers not currently assigned protective body armor; and
 2. Officers assigned protective body armor in need of replacement due to age or wear.
 - f. **Body Armor Anticipation for Two Years**

Applications should reflect:

 1. The number of vests your agency anticipates to replace within the next two years, and vests for officers your agency anticipates hiring in the next two years; and
 2. New hires can be anticipated based on the average number of officers hired over the most recent three years.

g. Agency Policy on Body Armor When an Officer Leaves the Agency.

Applicants must provide information regarding their policy on allowing officers to take their body armor with them from one law enforcement agency to another. It is strongly recommended that the officer takes his/her vest with them when they transfer agencies. It is not recommended that officers wear vests that they have not been properly fitted for as this will not provide them with the best possible protection. That being said, it has also been noted that any form of body armor will provide more protection than if the officer is not wearing any armor.

D. BUDGET TAB INSTRUCTIONS

BUDGET – GENERAL REQUIREMENTS

You must complete a detailed budget for your proposed project. All 'Total Budget' fields will be rounded by the Grant Management System to the nearest whole dollar. There is a 50% cash match requirement for both of these programs.

Budgets must be clear and specific. Budgets must reflect one year of spending. The grant cycle will reflect twelve (12) months.

Each budget line item must include a justification entry. The justification sections must contain brief statements (1 to 2 sentences per line item) that explain each line item and their relevance to the project goals and objectives. **Do not state "See Narrative, Goals, or Objectives"**.

The Governor's Office of Crime Control & Prevention is requiring prioritization of budget requests. This requirement is addressed following the Budget Tab Instructions under 'Budget Priority Tab.'

Refer to the Grant Management System training videos for further instructions
<http://www.goccp.maryland.gov/gms-training>.
