I. ELIGIBILITY CRITERIA

Non-profit entities with appropriate tax status and with facilities and membership that can be targeted for a hate crime are eligible to request funding for security enhancements. GOCCP will not consider requests for capital improvements or information technology projects in excess of $200,000 under the Protection Against Hate Crimes Notice of Funding Availability (NOFA).

An eligible entity must provide proof of non-profit status by submitting a copy of its status letter from the IRS with the application (www.irs.gov). If the IRS letter is not available, a letter from your organization’s authorized official listing officers, bylaws, and/or articles is permissible until such time as a copy can be obtained from the IRS.

Faith-Based Organizations
Faith-based organizations applying for PAHC funding do not have to relinquish or modify their religious identity (e.g., remove religious symbols) to be considered eligible applicants. However, PAHC funding may not be used to fund any inherently religious activities, such as prayer or worship. Organizations may continue to engage in inherently religious activities; however, such activities may not coincide with activities funded by the grant. Further, any participation in religious activities by individuals receiving services provided under the grant must be voluntary.

Only one application may be submitted per eligible entity.

III. PROGRAM REQUIREMENTS

Program Strategy

The FY 2020 PAHC program primarily supports GOCCP’s public safety goal to create a safer Maryland by providing grants to enhance the security of nonprofit organizations against hate crimes. A hate crime is a traditional offense with an added element of bias, commonly categorized as a “criminal offense against a person or property motivated in whole or in part by an offender's bias against a race, religion, disability, sexual orientation, ethnicity, gender, or gender identity.”\(^2\) The purpose of this grant fund is to promote safety and security for nonprofit entities with appropriate tax status and with facilities and membership that can be targeted for a hate crime.

Applicants must:
- justify the funding request based on the incidence and severity of hate crimes in the applicant’s local community (see below for sources for this data);
- clearly indicate whether funding will be used to support one time security upgrades or ongoing security enhancements, and indicate future sustainability plans for ongoing costs;
- describe how they intend to work collaboratively with Federal and State agencies and/or local partners as needed;
- ensure that the proposed security enhancements have a direct impact on the problem identified at the time of application;
- be willing to share outcomes related to implementation of the funded security enhancements; and

Project partners may include, but are not limited to, subject matter experts, law enforcement, neighborhood associations, nonprofit community organizations, governmental and non-governmental agencies, and other service providers.

The proposed activities/deliverables, inclusive of planning and implementation, must be results-focused and occur prior to June 30, 2020. Further, the project must be achievable and able to be implemented on a reimbursable basis. Budgets must be reasonable and include only allowable costs. All budgets must be approved by GOCCP prior to issuing a grant award.

Successful grantees will be required to submit progress, performance measurement, and fiscal reports on a quarterly basis. GOCCP will utilize this information to compile a report on the utilization of funds and the outcomes associated with the funded projects.
