I. ELIGIBILITY CRITERIA

A. General

The following entities in Maryland are eligible to submit no more than one (1) application for JJAC funding:

- Non-profit organizations, including faith-based organizations
- Local law enforcement
- State law enforcement
- Local government agencies
- State government agencies

B. Non-profit – 501(c)(3)

An organization must provide proof of this status by submitting a copy of its status letter from the IRS with the application. The requirements for obtaining 501 (c)(3) status can be found on the Internal Revenue Service website (www.irs.gov); search for Publication 557, “Tax-Exempt Status for Your Organization.” If the IRS letter is not available, a letter from your organization’s authorized official listing officers, bylaws, and/or articles is permissible until such time that a copy can be obtained from the IRS.

C. Faith-Based Organizations

Faith-based organizations applying for grant funding do not have to relinquish or modify their religious identity (e.g., remove religious symbols) to be considered eligible applicants. However, grant funding may not be used to fund any inherently religious activity, such as prayer or worship. Organizations may continue to engage in inherently religious activities; however, such activities may not coincide with activities funded by the grant—i.e., such religious activities must be separate (in time and place) from the grant funded activity. Further, any participation in religious activities by individuals receiving services provided under the grant must be voluntary.

E. Funding Opportunity Description

The Governor’s Office of Crime Prevention, Youth, and Victim Services and the Juvenile Council, Maryland’s State Advisory Group (SAG), for the Title II Formula Grant, announce the availability of up to $894,412 in grant funding for Title II (JJAC) and the Juvenile State Match Requirements (JSMR) program. The Office anticipates making 10-15 sub-awards ranging from $25,000-$150,000. All funds are to be used through the development and implementation of programs that address the program purpose areas outlined below.

Please note that applications that do not meet the minimum range noted above or those that exceed the maximum award allocation noted above are subject to removal from consideration during the initial technical review.

All funding is contingent upon the Governor’s Office of Crime Prevention, Youth, and Victim Services receiving the specified grant funds from the U.S. Department of Justice, Office of Justice Programs, Office of Juvenile Justice and Delinquency Prevention (OJJDP) and final approval of the
Governor’s Office of Crime Prevention, Youth, and Victim Services’ budget during Maryland’s 2020 Legislative Session of the General Assembly.

The federal Title II Formula (JJAC) Grant Program provides funding to the State of Maryland to address juvenile delinquency through technical assistance, training, and effective programs for improving the juvenile justice system. The grant program is funded through the Juvenile Justice and Delinquency Prevention Act, re-authorized by Congress in December 2018. Applicants are strongly encouraged to review the types of programs eligible to be funded under the Act. Examples of model programs can be found at https://www.ojjdp.gov/mpg/ and https://www.ojjdp.gov/programs/index.html. The program encourages the use of a developmentally appropriate and trauma-informed framework to inform and connect youth justice work to the development of individual and multi-agency comprehensive state plans that support the well-being of all youth and seek to prevent Adverse Childhood Experiences and trauma.

Successful programs will use strategies that reflect the seven hallmarks of the Developmental Approach to Juvenile Justice Reform:
- Accountability without criminalization;
- Alternatives to justice system involvement;
- Individualized approach based on assessment of needs and risks;
- Confinement only when necessary for public safety;
- A genuine commitment to fairness;
- Sensitivity to disparate treatment;
- Family engagement; and
- Prevention and education programs.

SAGs were established under the Juvenile Justice and Delinquency Prevention Act (JJDPA) and SAG members are appointed by the Governors/Chief Executives in each U.S. jurisdiction. They are principally responsible for monitoring and supporting the state’s progress in addressing the four core requirements of the JJDPA as well as reviewing and making recommendations for Title II funding.

III. PROGRAM REQUIREMENTS

A. Purpose Areas

Awards funded will support the establishment, enhancement, and/or improvement of programs in the purpose areas described below:

4) Number of proactive/preventative services implemented to address the needs of youth who have experienced trauma to promote resilience and healing.

- **Community Based Programs and Services:** Programs and services that are provided in the juvenile’s community versus formal processing and confinement in the juvenile justice system.

B. Partnerships

One of the primary goals of JJAC is to be inclusive of the various stakeholders and consolidate local or regional efforts to achieve results for the youth and families in the community. Partners are key to achieving that goal and their input into proposal development should be included in the program strategy section of the application narrative. In addition to family/community partnerships, there are governmental partners that should also be included in the proposed program. This section must include an outline listing the role of each partner as well as support from the community or agencies. **Letters of support must be included in an appendix and referenced in the narrative.**

The following are suggested partners:

- Department of Juvenile Services Regional Office Representative
- Local Racial and Ethnic Disparities (RED) Coordinator (if applicable)
- Local Management Boards
- State, county or municipal law enforcement
- Parent/guardians (including parent support groups and youth advocacy groups)
- Youth (including youth group representatives)
- Local State’s Attorney’s Office Representative
- Juvenile Court Family Magistrate or Judge
- Department of Education or local educational agencies
- Department of Human Services or local Department of Social Services
- Non-profit, faith-based, or community groups
- Non-profit, non-governmental victim advocacy organizations

C. Racial and Ethnic Disparities

All programs must address racial and ethnic disparities per Section 34 U.S.C. § 11133(a)(15) of the Juvenile Justice Delinquency Prevention Act, which requires states and territories to "implement policy, practice, and system improvement strategies at the state, territorial, local, and tribal levels, as applicable, to identify and reduce racial and ethnic disparities among youth who come into contact with the juvenile justice system." **Priority will be given to those applicants who make strategic and intentional efforts to reduce RED.** To receive full points, proposals must incorporate short-term and long-term strategies to reduce racial and ethnic disparities amongst their target population.

D. Compliance with 8 U.S.C. § 1373

Applicants who are government entities or a public institution of higher education are required to certify compliance with 8 U.S.C. § 1373 Communication between government agencies and the Immigration and Naturalization Service. Information regarding this statute can be found at 8 U.S.C. § 1373. Relevant certification forms may be accessed at [Certifications relating to 8 U.S.C. 1373 forms](https://ojjdp.ojp.gov/forms-certifications/ojjdp-federal-forms). Certification forms must be submitted with your application. Refer to section on [Forms for certifications from prospective subrecipients under FY 2019 Title II Formula Grants ("Title II") Program (OJJDP)](https://ojjdp.ojp.gov/funding/other-grants/fy-2019-formula-grants/).

E. Sustainability and Continuation Programs

Emphasis will be placed on programs that submit a comprehensive sustainability plan and on proposals that collaborate with other programs, jurisdictions, or regions to maximize the use of resources.

If the proposed program is a continuation of a program initiated in a previous year and funded through JJAC, the applicant must reduce requested funding by 25%. To be clear, applications made to support programs that are similar in nature/scope to an organization’s existing JJAC or JSMR program must reduce their funding request by at least 25% of the current award amount. Applications must provide a detailed status of the existing program, to include goals, objectives, and performance measures. Applicants must also explain how the reduction in funding will impact the program. **There will be a one time exception this year for those applicants that fall below the $25,000 minimum threshold amount due to the 25% reduction.**
F. Office of Justice Programs (OJP) Evaluations
Applicants should also note that OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. Grantees will be expected to cooperate with program-related assessments or evaluation efforts, including the collection and provision of information or data requested by OJP (or its designee) for the assessment or evaluation of any activities and/or outcomes of those activities funded under this solicitation.

G. Problem/Need Statement
Applicants should include a statement of the problem or need area that the proposed activity/services will address. This need area must be aligned with one of the prioritized Title II formula purpose areas and must be supported by a data analysis for a period of at least 3 years to highlight the need for the program/project proposed. Applicants are encouraged to utilize the Department of Juvenile Services’ Data Resource Guide as a source for juvenile justice data. Successful applications will:
- Be based on a clear understanding of the local population, including a discussion of the data (including sources) for the populations impacted by the proposed activity
- Incorporate local partners necessary to ensure success in addressing the complex and unique needs of the population
- Consider best practices and evidence-based approaches in program implementation
- Demonstrate a connection to local efforts for which the proposed strategy is complementary and not duplicative.

H. Outputs and Outcomes
Grantees will be required to track and measure program outputs and outcome-based performance measures that directly support the Office’s objective of reducing victimization and delinquent behavior in Maryland’s children and the Children and Youth Division’s goal that Maryland’s children and youth are healthy and thriving. Outputs and outcomes must be recorded and submitted to the Governor’s Office of Crime Prevention, Youth, and Victim Services on a quarterly basis. Please note that mandatory performance measures for each priority area are listed above. In addition, please note that all grants awarded under this funding opportunity will be required to report on the following mandatory performance measure:

1. Number of youth who have a reported an increase in their overall well-being. Note: For this purpose, well-being is defined as having generally positive experiences with education and employment, good relationships with family and friends, adequate financial resources to meet basic needs and wants, physical health and comfort, resiliency, freedom from chronic stressors such as discrimination and oppression, and a consistent sense of belonging to a community.

The following is a sample list, and is not all inclusive of all potential outputs and outcomes that may be included in final awards:
